PROFESSIONAL PROFILE

I am a positive, engaging and collaborative musician who excels in creating an upbeat synergy within the rehearsal and performance space. My superb sight-reading skills make me an excellent audition pianist and extremely versatile in the room. As a singer as well, I am able to concisely convey musical information to performers in my cast. Skilled in Sibelius and Finale, I am a strong arranger and orchestrator. In performance, I feel equally comfortable leading a pit from behind the piano or conducting a larger ensemble with a baton. Crafting new musicals is my passion.
